SPECIFICALLY WISCONSIN

Second statewide urban forest inventory underway

The DNR is to repeat a statewide inventory of Wisconsin's urban and community forests. You may soon encounter questions from residents. Who is this? Why are they measuring my tree? And how are they doing a tree inventory when I don't have any trees in my yard? To read the [UFIA DNR News release](#) or if you would like to read the results from the 2002 study [U.S. Department of Agriculture Forest Service report \[PDF\]](#)

ABOUT THE INSIDER

The *Wisconsin Urban Forestry Insider* is an electronic news bulletin produced by the Urban and Community Forestry program of the Wisconsin Department of Natural Resources, in Madison, Wisconsin. The *Insider* is intended as a quick networking tool and information source for all people actively working in the area of urban and community forestry, especially in the state of Wisconsin. Items that cannot wait for our print/electronic newsletter, [Wisconsin Urban & Community Forests](#), will appear here.

Because the *Insider* connects to numerous outside sources it is typical for links **not** to be maintained for extended periods of time. All URLs are working on the date of distribution.

We are happy to accept your article suggestions and contributions. Send them to the editor, at Elizabeth.Dierickx@wisconsin.gov or call her at (608) 264-8944.

Past and current issues of the *Insider* can be viewed at dnr.wi.gov, keyword "Insider" or go to <http://dnr.wi.gov/topic/UrbanForests/newsletters.html>.
